PROFESSIONAL SUMMARY

Detail-oriented Data Science fresher with a strong foundation in Python, statistics, and data analysis. Proficient in NumPy, Pandas, Matplotlib, OpenCV, and Power BI, with hands-on experience building real-time computer vision applications. Holds two Microsoft certifications in Power BI and AI concepts. Seeking an entry-level Data Science or Data Analyst role to contribute to data-driven decision-making.

EDUCATION

Senior Secondary (Class XII) — JKBOSE Board, Jammu | Year of Passing: 2024

CERTIFICATIONS

Get Started Building with Power BI | Microsoft Learn | May 2026

Introduction to AI Concepts | Microsoft Learn | May 2026

PROJECTS

Real-Time QR Code Scanner

Technologies: Python, OpenCV (cv2)

- Designed and developed a real-time QR code scanner using Python and OpenCV that detects and decodes QR codes via live webcam feed.
- Implemented QR type classification to identify UPI Payment QRs (extracting payment amount), Website URLs, and plain Text QRs.
- Rendered dynamic bounding boxes around detected QR codes on live video frames for clear on-screen visual feedback.

TECHNICAL SKILLS

Programming Languages: Python (Beginner – Intermediate)

Data Analysis: NumPy, Pandas

Data Visualisation: Matplotlib, Power BI

Computer Vision: OpenCV (cv2)

AI & Machine Learning: Foundational AI Concepts (Microsoft Certified)

Tools & Software: MS Excel

Languages: English

SOFT SKILLS

- Analytical Thinking — breaks down complex problems and identifies patterns in data.
- Problem Solving — applies systematic, data-driven approaches to practical challenges.
- Time Management — prioritises effectively and consistently meets deadlines.
- Communication — conveys technical concepts clearly to both technical and non-technical audiences.

INTERESTS

- Data Exploration — uncovering insights and patterns in complex datasets.
- Learning New Technologies — continuously expanding skills in data science and machine learning.
- Applied Mathematics — leveraging mathematical intuition to solve real-world data problems.
